

SEDLOCK

SERVING THE PLASTICS INDUSTRY OVER 40 YEARS

- Feed Screws - Tool Steel To General
- Barrels - Tool Steel Lined & Bimetallic
- Tip Assembly/Shut-Off Valves - Veloci-T™
- End Caps - New & Replacement Inserts
- Custom Nozzle Bodies, Adaptors & Tips
- Tie Bar & Nut Replacement & Repair
- New, Rebuild & Reline Options
- Custom Upsize / Downsize Units
- Custom Screw Designs & Mixers
- Stocking Programs Available
- Training Seminars
- On-Site Measuring Service
- FREE Component Inspections
- Made In The USA

- All-Electric Injection Molding Machines
- Full Range From 30-3000 Tons
- Horizontal & Vertical Clamping Units
- Over 56 Years Of Molding Expertise
- Robust Clamping Unit For Stability
- Wide Selection Of Injection Unit Options
- Easy-To-Use SYSCOM5000i Controller
- New Energy Saving Barrel Technology
- Local Technical Support
- Made & Assembled In Japan

- Smaller Injection Molding Machine Specialist
- Fully Hydraulic Up To 137 Tons Clamping Force
- Part Weights From .01 - 9.29 oz (PS)
- Thermoplastic, Thermoset, Silicone & Metals
- Compact Design Requires Small Footprint
- Horizontal & Vertical Clamping Units
- User-Friendly Procan ALPHA® Touch Processor
- Cost-Efficient Servo-Motor Pump Drive
- Excellent Field Service & Technical Support
- ISO Certified
- Spare Parts Available
- Made In Germany

Don't just purge...ULTRA PURGE!™

Release Innovation™

- Purge Compounds & Release Agents
- Injection, Extrusion & Blow Molding
- High Temp to General Formulations
- Mechanical, Chemical & Hybrid Formulations
- Ready-To-Use Convenience
- Low Consumption = Low Cost Per Purge
- Safe For Hot Runners & Hot Tips
- Best Selling High Temp Formula
- Can Be Recycled Or Blended
- Non-Abrasive Technology
- NSF Registered Formulations
- Reduce Changeover Time & Cost
- Safe - Low Smoke, Low Odor
- Made In The USA & Europe

- Band Heaters – Mica To Ceramic
- Cartridge Heaters – Hi & Low Density
- Extruder Heating & Cooling Systems
- Temperature Sensors - Thermocouples
- Process – Dryer Heaters
- Pressure Sensors - Transducers
- Cast-In Heaters – Air & Liquid
- Coil & Strip Heaters
- Stocking Programs
- Training Seminars

- Bi-Cutter Screenless Granulators
- Compact Design Allows Press Side Location
- Lower Horsepower Conserves Energy
- Ideal For Soft TPE Resins To Hard Nylons
- Clean Regrind = Quality Parts
- Dust & Fines Removal Systems
- Removes Dust, Powder & Fines
- In-House Tech Support
- Replacement Parts Available
- Made In The USA

- High Pressure Media Blasting Cabinets
- Eliminates Dangerous Fumes
- Non-Abrasive / Non-Damaging Media
- Reduce Press / Cleaning Downtime
- Environmentally Friendly Cleaning
- Replacement Parts & Components
- Replacement Media
- Deflashing & Stripping Cabinets
- Invoiced Via Concor
- Made In The USA

SEDLOCK

- Belt Conveyors (Under & Beside Press)
- Size Reduction Feed / Unload
- General Purpose Belt & Roller
- Machine / Scissor Stands
- Parts Cooling – Cool-Veyors
- Part / Runner Separators
- Carton / Tote Filling Systems
- Part Quenching Water-Veyors
- Replacement Belts & Parts Available
- Made In The USA

- Granulator Blades & Screens
- Blade & Knife Sharpening Service
- Pelletizer Blades & Knives
- Dicer Drum Rotors & Bed Knives
- Stand Cut Pelletizer Blades
- Tool Steels & Carbide Coatings
- Stocking Hundreds Of Blades
- Custom Designs Available
- Pick-Up Service Available
- Made In The USA

- Precision Shut-Off Nozzles
- Eliminates Stringing, Drooling & Leakage
- Ideal For Low Viscosity Resins - Nylon
- Shorter Cycle Times Increases Productivity
- Improves Process Reliability
- Pneumatic, Hydraulic Or Spring Actuation
- Bolt Or Needle Style
- Quick & Easy Installation
- Gas Injection Technology (Nitrogen Assist)
- Replacement Parts Available
- ISO 9001 Certified
- Made in Switzerland

- Citrol® Heavy Duty Mold Cleaner
- Penetro 90® Rust Buster
- Lubricants - Standard & Food Grade
- Compressor Oil - Standard & Synthetic
- Gear Lube & Oil
- Hydraulic Fluid & Oil
- Grease - Standard & Food Grade
- Flushing Agent - Food Grade

- Insulation Blankets
- Insulate Barrels, Dies & Dryer Hoses
- Maximize Employee & Facility Safety
- Reduce Energy Costs 30% +
- Quick Return On Investment
- Off The Shelf & Custom Size Capabilities
- Reduce Facility Ambient Temps
- Easy Installation & Removal
- Asbestos Free
- Made In The USA

- Dial Bore Gauges & Kits
- Measure ID's .7" To 6" (18mm - 150mm)
- Bore Gage Extension Rods Available
- Replacement Parts & Components
- Invoiced Via Concor
- Made In Japan

- Wear Measurement Micrometers
- Easy-To-Use Integrated Anvil
- Fast & Accurate Read Out To .001"
- Carbide Tipped Measuring Surfaces
- Measure Screw OD's 1" To 6"
- Quoted & Invoiced Via SEDLOCK
